# Bank of Hawaii Family Sunday

On Sunday, November 18, 2018, Farrington Key Club help out with the Bank of Hawaii Family Sunday on November 18th at Honolulu Museum of Art from 9:00 am to 2:00 pm. The members did arts and crafts with kids. The theme of the event was about the Royal Orders of the Hawaiian Royal Family. The first thing the members did was went to check out the museum where the Royal Orders are to get an idea what it looks like so we can create one for ourselves. The members made one pin each for the kids to follow or get inspired from.

For this event, there was two stations, the members did the same thing but with different designs. The station I was on is with the designs that looks like the cut of a ribbon at the ends. There are different templates that the kids can choose to design their pin. The main thing the members did was help the kids that were struggling with cutting the design template. It wasn't a busy month compared to other months but it's still fun working and helping the kids out. After the event real event, members helped cleaned up the stations, which was mostly putting the chairs away and the materials that was used.

# Pacific Building Trade Expo Bag Stuffing

On Tuesday, November 13, 2018, Farrington Key Club members and officers did the Pacific Building Expo Trade Bag Stuffing service. This was held at the Hawaii Convention Center. Thanks to our chaperone Ms. Hendryx for also helping us with the service. In this service we work with people from Punahou and other college students as well. All we had to do was put the papers in a bag.

There was different tables with different magazines and fliers to be put into a bag for the people who will be attending the actual event which was the Pacific Building Trade Expo 2018 on November 14. Members did different tasks. Some gathered papers and give it to someone who will be putting it on a bag. Some members were also in-charge of putting the bags with the papers into a box and put it on a specific place. After everything was done, we were also given the Pacific Expo shirts as a thank you for helping out prepare for the event. This service was a simple job for all of us to do. We were able to work together and get the job done.

# Avalon Arts And Crafts

On November 18, members attended the monthly service project at Avalon Care Center to do arts and crafts with the elders. In this service project, members talked with the elders and asked what kind of colors they like so that they could use the color to make a card or letter for thanksgiving. The members made the cards for the elders. In the end, our members made very creative cards for the elders.

What I learned from this service project is how to communicate with the elders despite being just a normal teenager. It isn't easy or hard to socialize with them but some of them couldn't hear very well or speak English that well. But our members did a pretty great job socializing with the elders.
